

## Visual Project Plan

We have used “Trello” collaboration platform to build a blueprint of our project’s timelines and deliverables. Each task or deliverable is assigned to an owner and a deadline is provided. Team will discuss to decide on deadlines and task distribution, while few deliverables are collaboratively worked.

**Below is the Screenshot of our Trello board:**

If you want to have a look at our board in detail, please join our board as a member using below url.
